

Gray Davis, Governor

STATE CLEARINGHOUSE

NEWSLETTER

November 1 through 15, 2003

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **November 1 through 15.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse.html#clearinghouse

Questions regarding federal grant notices should be directed to **Sheila Brown.**

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Associate Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

DATE: MAY 15, 2003
TO: ALL CEQA LEAD AGENCIES
FROM: TERRY ROBERTS, STATE CLEARINGHOUSE
RE: ACKNOWLEDGEMENT LETTERS FOR CEQA DOCUMENT SUBMITTALS

Due to recent budget cuts we are no longer able to provide written acknowledgement of the receipt of your Environmental Impact Report or Negative Declaration for state review. We will discontinue this service effective June 1, 2003. You may call the State Clearinghouse at (916) 445-0613 to request verbal confirmation, or access that information by visiting our CEQAnet database at www.ceqanet.ca.gov. We apologize for any inconvenience this may cause you.

The State Clearinghouse will continue to provide a closing letter with any state comments on the date following the close of the review period.

ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE 1999 through 2002

	NOP	EIR	ND/MND	NOD	NOE	EA	EIS	OTHER	DOCUMENT TOTAL	Total Projects
1999	602	481	2007	1808	2699	41	22	177	7,837	6,715

KEY:

NOP	Notice of Preparation
EIR	Draft Environmental Impact Report
ND/MND	Negative Declaration/Mitigated Negative Declaration
NOD	Notice of Determination
NOE	Notice of Exemption
EA	Environmental Assessment (federal)
EIS	Environmental Impact Statement (federal)
OTHER	Other types including Final EIRs, Early Consultation, etc.

NOTES:

Percentages in parenthesis indicate the percentage of total documents for calendar year 2002.

There are more Total Documents than Total Projects because there are often multiple environmental documents filed for any individual project.

CEQA & Planning Case Law

Summary of Recent CEQA & Planning Case Law

The following are summaries of recent court cases relating to the California Environmental Quality Act and/or land use planning law.

No Cases have been selected for the period of November 1-15, 2003.

Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete ruling and case facts.

CEQA Documents

Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Monday, November 03, 2003</u>			
2003051079	<p>Target Store Project Redondo Beach, City of Redondo Beach--Los Angeles</p> <p>The applicant, Target Corporation, proposes to develop a 146,500 square foot Target Store on a 10-acre site on Kingsdale Avenue, in Redondo Beach. The project consists of demolishing the existing Levitz Furniture building and constructing a 123,200 square foot Target Store with a 10,000 square foot stockroom, including an additional 8,600 square foot warehouse, and a 4,692 square foot vestibule. The project will provide at-grade parking beneath the store surface parking. The project also includes landscaping of the site.</p>	EIR	12/17/2003
2003051143	<p>Santa Maria Animal Shelter/Public Works Service Center Santa Barbara County --Santa Barbara</p> <p>The proposed project is a request of Santa Barbara County for development of a new Animal Services shelter and Public Works Service Center at Curtis Tunnel Center County Complex. The animal shelter would be a 17,577 square foot one-story animal shelter with a 2,589 square feet interior court for a total area of 20,166 square feet on approximately 5 acres of land. There will be a total of 68 dog kennels including 56 holding or adoption kennels, 12 isolation kennels, and a room for puppies with mothers. There will be a total of 94 cat cages with 42 holding or adoption cages, 20 isolation cages, 20 get acquainted cages, and a room for 12 cats in community rooms. The veterinarian clinic will be able to serve 11 dogs and 20 cats.</p>	EIR	12/17/2003
2003092098	<p>Broadview Water Contract Assignment Project Pajaro Valley Water Management Agency Firebaugh--Santa Cruz, Fresno, Monterey, San Benito</p> <p>PVWMA is proposing to purchase, on a willing-seller/willing buyer basis, approximately 9,100 acres of lands within the Broadview Water District (BWD). The purpose of purchasing this lands is for PVWMA to seek permanent assignment to PVWMA of BWD's CVP water service contract for up to 27,000 af/yr of CVP water supply associated with these lands. Assignment of BWD's CVP water service contract to PVWMA will provide PVWMA with the ability to meet its water management needs in the PVWMA service area by bringing existing and projected basin water demand and supply into balance and alleviate the seawater intrusion.</p>	NOP	12/02/2003
2003101033	<p>Arroyo Vista Elementary School K-8 Conversion Capistrano Unified School District Rancho Santa Margarita--Orange</p> <p>The proposed project involves the expansion of the existing Arroyo Vista Elementary School from grades K-5 to grades K-8. The school site is approximately 8 acres with a 3-acre joint use park immediately adjacent to the school. School expansion construction will occur in 2 phases. The project is broken into 2 construction phases. The first phase will consist of the placement of a modular unit with 11 classrooms on the southwest side of the school site. The second phase will include the placement of 2 additional modular units, with 20 classrooms, & the addition of accessory support structures for the creation of a middle school campus. The second phase of construction will also include the expansion of the existing parking area to include 40 additional parking spaces & an expanded student drop-off area.</p>	NOP	12/02/2003

2003011115	<p>Monterey County Government Center, Salinas Monterey County Salinas--Monterey</p> <p>The Government Center project will consist of three separate main buildings, comprising a total of 306,000 square feet at buildout. These structures include a new Administration Building and the interior renovation of the North Courts Wing and the East/West Wings. Guided by the 2001 Facilities Master Plan, the project will require a series of phased efforts to provide new and expanded facilities at the existing Courthouse Complex. These projects include:</p> <ul style="list-style-type: none"> - Construction of a new 3-story building on the site to accommodate county administrative functions; - A phased renovation of the 1968 North Wing of the Courthouse to be occupied by the county trial courts; and - A phased renovation of the 1937 East and West Wings of the Courthouse to be occupied by courts-related county functions. <p>The redeveloped Government Center will house five functional groups: Administrative Leadership, Finance, Land Use, State Trial Courts and County Courts-Related Departments. The existing location in downtown Salinas makes use of considerable owned assets and infrastructure and would strengthen the historic presence of the County government as an anchor in the City. The complex will serve as the headquarters for the County, and will include technology supported workspaces and meeting rooms.</p>	NOD	
2003042110	<p>Humanities and Social Sciences Facility University of California, Santa Cruz Santa Cruz--Santa Cruz</p> <p>The project will construct an 84,500-outside gross square foot Humanities and Social Sciences Facility (51,550 assignable square feet) on the UCSC campus to house faculty offices and classrooms to serve the Division of Humanities and Education Department of the Division of Social Sciences. On existing parking lot 105, three buildings around a centralized courtyard area (4 and 5 stories) and a 300 seat auditorium will be built</p>	NOD	
2003062109	<p>Sonoma County Storm Damage Repair Caltrans #3 --Sonoma</p> <p>The project proposes to repair storm damage at kilometer posts 5.17 and 16.57 (postmiles 3.21 and 10.30) on SR 116 in Sonoma County. At the first location the failure of the embankment slope will be repaired by construction of a 101-meter long tieback soldier pile retaining wall. At the second location repairs will consist of placement of rock slope protection (RSP) at the toe of the slip-out along the bank of the Russian River. The restored embankment will be contour graded to match the existing slope.</p>	NOD

1991101040	Proposed Modifications of the San Diego Pipeline No. 6 Project Metropolitan Water District of Southern California In particular, the proposed modifications would include: (1) The need for additional temporary construction, storage, and staging areas, which were identified but not analyzed in the original Final EIR; (2) identification of an operationally superior connection point at Lake Skinner; (3) installation of a service connection to Rancho California Water District; and (4) acceleration of the construction schedule and change in construction methodology.	FIN	
2003021071	San Clemente Graduate Student Housing Project and El Colegio Road Improvements University of California, Santa Barbara Goleta, Santa Barbara--Santa Barbara UCSB is proposing to construct the San Clemente Graduate Student Housing project to provide on-campus housing opportunities. The project would include a total of 976 bed spaces in 278 residential units, 776 structured parking spaces accessed off of Stadium Road and 200 surface parking spaces accessed off of El Colegio Road. The project would include a variety o support facilities including laundry facilities, television and study rooms, offices, housekeeping, mechanical and storage facilities. The development is proposed on approximately 11.5 acres located on the Storke Campus of UCSB, west of Stadium Road and east of Los Carneros Road. Other components of the project include: realignment of the existing bike path, reconfiguration of athletic fields, field house within the parking structure to provide restroom and concession facilities, and relocation of an existing green waste recycling facility. The County of Santa Barbara is proposing improvements to El Colegio Road to accommodate existing traffic, the proposed housing project and other future development in the Isla Vista and the Goleta area. Proposed improvements include a two-lane roadway and the construction of roundabouts at the intersections of El Colegio Road and Camino Del Sur, Los Carneros Road, Camino Pescadero, Embarcadero Del Mar, and Embarcadero Del Morte. UCSB proposes an additional roundabout at the intersection of El Colegio Road and Stadium Road.	NOP	12/05/2003

2003061130	Carson Terminal Expansion Carson, City of Carson--Los Angeles Kinder Morgan Tank Storage Terminals LLC, a subsidiary of Kinder Morgan Energy Partners, L.P. (KMEP) is proposing to increase the storage capacity of their Carson Terminal, located adjacent to the southeast intersection of Alameda Street and Sepulveda Boulevard in the City of Carson, California. The project includes the installation of new tankage and supporting piping, pumps and ancillary equipment. The new tanks would meet the current demand for product storage and add capacity for future growth. Specifically, a total of 18 new 80,000-barrel product storage and one new 30,000 transmix storage tank with related piping, pumps and control systems would be constructed. Construction of the project would require filling a remnant of the old Dominguez Channel, which runs through the southwestern portion of the site.	EIR	12/22/2003
2003071013	Chaffey Community College Campus Master Plan Chaffey Community College Rancho Cucamonga--San Bernardino The Campus Master Plan defines a physical development program that accommodates program growth and increases in student enrollments by allowing the removal and renovation of various existing structures and the construction of new academic facilities. In addition, new circulation patterns, parking facilities, and landscaping are planned.	NOP	12/08/2003

2002051036	Costco/Froom Ranch Development EIR San Luis Obispo, City of San Luis Obispo--San Luis Obispo The applicant is proposing to construct a 140,115 square-foot Costco Wholesale store including tire sales, tire installation, and a fuel station. Two parcels, approximately 8-acres in size each are evaluated for development based on preliminary development plans of retail uses and fast food restaurants.	NOD	
2002102039	Zone 7 Water Agency - SWP Entitlement Transfer Project Zone 7 Water Agency Livermore--Alameda, Kern Zone 7 proposes the transfer from belridge Water Storage District, a member unit of KCWA, 2,219 acre feet per annum (afa) of the Table A amount set forth in KCWA's long term water supply contract with DWR to Zone 7. This would require the execution of amendments to both KCWA's and Zone 7's long term water supply contract with the DWR, increasing Zone 7's Table A amount and decreasing KCWA's Table A amount correspondingly. This transfer would be integrated with Zone 7's existing water supply sources which serve municipal and agricultural uses within its service area, and would be purchased to meet agricultural demands within the South Livermore area.	NOD	
2003012101	Interim Contaminant Source Reduction Project Tank Farm S Oakland International Airport Oakland, Port of Oakland--Alameda The proposed project will involve excavating and removing approximately 241 cubic yard of contaminated soil from three ares in the northwestern corner of Tank Farm S, extracting ground water from the excavations, installing two monitoring wells, abandoning two existing wells, uncovering an existing fuel pipeline, and monitoring groundwater quality.	NOD	
2003041091	Ventura River Arundo Removal Demonstration Project Ventura County --Ventura CDFG is executing a Lake and Streambed Alteration Agreement pursuant to Section 1603 (SAA 1600-2003-5050-R5) fo the Fish and Game Code to the project applicant Ventura County Watershed Projection District. The applicant proposes to conduct a 5 acre Arundo removal demonstration project along the east band of the Ventura River. Arundo removal techniques, six riparian revegetation treatments, public outreach and education programs.	NOD	
2003042110	Humanities and Social Sciences Facility University of California, Santa Cruz Santa Cruz--Santa Cruz The project will construct an 84,500-outside gross square foot Humanities and Social Sciences Facility (51,550 assignable s.f.) on the UCSC campus to house faculty offices and classrooms.	NOD	
2003101024	Kings County Office of Education Wireless Telecommunication System Kings County Avenal, Corcoran, Hanford, Kettleman--Kings The project consists of construction of communication towers at 6 sites. Tower heights will range from 60 to 165 feet, & will not exceed 170 feet. Each tower is equipped with a no-climb mechanism to prevent individuals from climbing the pole.	NOD
